

ENVELOPES OnDemand

ComColor Series

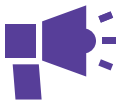

Eliminate the need for printing
and storing shells by printing
envelopes on demand

RISO's straight paper path and heatless technology allows printing on envelopes in full color—even windowed envelopes—without damaging the seal or melting the window.

Specially formulated ink dries instantly

Utilize white space on envelope
for transpromotion

Can print on envelopes of varying
sizes, from 3.5"x6" up to 10"x15"

Continuous feed accessory available
for dedicated envelope printing
